Position Spotlights

Meet your service and JDRF chairs!

Elizabeth Keeley – Service Chair

Elizabeth is a senior English major that is pre-MAE. She hopes to teach high school English in a small Missouri school in the future. Elizabeth enjoys her position as service chair because she gets to coordinate so many fun activities to give back to the Kirksville and Truman communities. Her favorite memory in Cardinal Key is this year's Trick-or-Treat, Save Your Sweets (in which she was paired up with CK sister Brianna) because she loved getting to know her better while raising money for the important cause of JDRF.

Macy Steber – JDRF Chair

Macy is a senior Nursing major with a minor in Disability Studies. She intends on going into critical care nursing upon graduation with a focus on cardiology. Macy takes pride in being our JDRF chair because it impacts her personally, as she was diagnosed with type 1 at 11 years old. It means so much to her to help others like herself, spreading awareness about the condition, whether it be educating at our chapter meetings or through community outreach events such as Trick-or-Treat, Save Your Sweets. Her favorite CK memory was when we established a rain garden on campus last spring. It was muddy and rainy, but was a fun experience and has been fulfilling to watch it grow.

This Month in CK

November was another busy month for Cardinal Key! On November 2nd, we collaborated with Blue Key to pick up our 'adopted' street in Kirksville. Then, we had our Fall Retreat at the K-Life house that was themed as "Falling Leaves & Cardinal Keys." We had brunch together, took a fun quiz about Retreat Committee members, designed mugs, and shared Loves and plenty of laughs. November 3rd-9th was Serve-Your-Sis-Week in which members showed their love and support for one another via gifts, notes, and hang-outs. On November 13th we hosted our Fall Interest Party at the SUB Down Under. We enjoyed getting to meet potential new members, talking about this wonderful organization, and creating cards for a local nursing home. On November 14th we tabled for Type 1 Diabetes Awareness Day and handed out blue ribbons in support of the cause. Right before break we had a CK Thanksgiving Dinner Social at La Pa with a dessert after-party hosted at CK sister LJ's house.

Upcoming Events & Info:

December 4:
Last CK General Meeting of the Semester

December 7:
Purple Key Formal

December 9-13:
Finals Week

December 14:
Grand Marshalls for Commencement
