Position Spotlights

Meet your corresponding secretary and treasurer!

Emily Nguyen – Corresponding Secretary

Emily is a senior Pre-Pharmacy Biology major. After graduating, she will take a gap year before applying for pharmacy school. Emily's favorite part of her position is being able to promote our wonderful organization through social media while connecting us to prospective members and the rest of the Truman community. Emily's favorite Cardinal Key memories are rush nights because it is so much fun spending time with active CK girls while also getting to know our potential pledges. She says, "While it makes me sad to be leaving so soon, I know that CK will be in great hands with such an amazing group of women!"

Olivia Combs – Treasurer

Olivia is a junior Psychology major with a minor in child studies. After graduating, she plans on obtaining a Master's degree in Social Work and working for Missouri's Department of Social Services. Her favorite part of her position is the fact that it allows her to contribute to Cardinal Key in a way that suits her. Being able to manage our finances and ensure that the funds raised each semester go to philanthropies and appropriate causes who need them most (like Breakthrough Type 1 Diabetes) is her version of making a meaningful impact. She describes Cardinal Key as being one of her biggest successes here at Truman and will miss being involved when she graduates.

This Month in CK

May was a short, but sweet month for Cardinal Key as we finished up the spring semester! With the ending of the semester, we also have new beginnings. On May 2, chair positions and committee selections for the next school year were announced, and on May 7 we held Transitions at Kirk Memorial. Commencement was on May 10, and we partnered with Blue Key to volunteer as Grand Marshals for the event. To our newest alumni, we are so proud of you for all of your hard work and cannot wait to see all that you accomplish. To our CKs returning this fall, we are excited to see you grow in your new leadership positions. Here is to a wonderful and relaxing summer!
