WHAT HAPPENED IN CK THIS MONTH?

Cardinal Key had its first meeting of the year early into the semester! We had a great Wednesday night that involved settling into new positions, recapping our summer adventures, and CK Snacks! We were all happy to be back on campus together and were ready to hit the ground running with service and sisterhood.

August and September have been full of fun events including volunteering with cats at PetSmart, cleaning at The Crossing, working the PEK Beginner Triathlon, and doing some in-meeting service, like decorating and coloring bookmarks for the local library. The lovely Hallie (our service chair) has been doing such a great job at communicating with campus and local groups and providing us with amazing volunteer opportunities. We can't wait to continue to serve the Kirksville and Truman community throughout this year.

Our Purple Key Blood Drive was held on September 13 and 14, and was very successful! Between the two days, we had 215 presenting donors and 199 units of blood donated. Overall, the Red Cross and our blood drive chairs did an amazing job and we are truly grateful for the immense community support.

During Family Day this year, we decided to sell "Bulldog Chow" at the football game to help fundraise for JDRF.

Overall, the sales went well and we received many generous donations!
